Nodularis Chronica
Helicis, Oct, p 757
The Causes and
Consequences of
Hyposalivation, Mar, p
166
Chemical Hypersensitivity
and the Allergic
Response, Jan, p 50
Chronic Nongranulomatous
Epiglottitis, July, p 524
Clinical Aerodynamics for
the Evaluation and
Management of Voice
Disorders, May, p 394
Clinical Application of
Computerized Dynamic
Posturography,
ENTechnology, Sept, p 36
Clinical Experiences with
Carcinoma of the
Maxillary Sinus, July, p
494
Clinical Experiences with
Kirchner's Vocal Cord
Lateralization Procedure,
April, p 211
Clinical Implications of
Metronidazole Anti-
Anaerobic Prophylaxis in
Major Head and Neck

Surgical Procedures, Sept,
p 655
Complications of Midline
Mandibulotomy, July, p
521
Conventional and
Computed Tomographic
Sialography in Evaluating
Disorders of the Parotid
Gland, ENTechnology,
Sept, p 20

Diagnosis and Treatment of
Acute Laryngeal Trauma,
Aug, p 584
Differential Diagnosis of
Facial Spastic Disease,
Dec, p 912
Dose-Response
Relationships in Patients
Treated with Botulinum
Toxin for More Than
Three Years, Dec, p 914
Doxorubicin
Chemomyectomy: An
Experimental Permanent
Treatment for Muscle
Spasms, Dec, p 919
Dysphagia from Benign
Mucocutaneous
Pemphigoid, Feb, p 113

Effect of Acupuncture on
Sinus Pain and
Experimentally Induced
Pain, Aug, p 565
Electrodiagnosis of
Laryngeal Nerve
Disorders, May, p 380
Electromyographic Changes
Occurring with Botulinum
Therapy, Dec, p 915
ENTechnology: Implantable
Hearing Devices, April, p
285
Enterostomal Hydrocolloid
Materials, Sept, p 696
Esophageal Foreign Body as
a Complication of
Transnasal
Transphenoidal
Hypophysectomy, April,
p 272
Expanding Clinical
Horizons in the Diagnosis
and Management of Voice
Disorders, May, p 320

Facial Palsy and Mastoid
Surgery, July, p 531
